- At central locations around our hotels, we have placed notices to promote the covid19 code of conduct and remind everyone to practice good hygiene etiquette.

- Following respective regional government regulations, we have had to remove certain displays, articles, etc. from the guest rooms in some of our hotels.
- At hotels where we have had to remove hygienic articles from the guest bathrooms, guests will receive such articles free of charge at the reception.

EVENTS AND BANQUETS

- Events are held in strict compliance with local and/or federal government guidelines. In order to be able to observe the minimum social distancing regulations, we will reevaluate and recalculate the allocation of our facilities depending on the number of guests attending or participating in events. Current offers, package deals and bookings will therefore have to be adjusted accordingly.

- Thank you for understanding that, as per government regulation, we are required to collect your contact information.
- A member of our staff will attend to you and accompany you to your table.

WELLNESS

- Each of our hotels' own individual homepages provides the latest updates on information regarding wellness areas, saunas, gyms, and fitness facilities. The measures we implement follow local government guidelines. Depending on the issued provisions, we may reopen some areas earlier than others (e.g. gyms before swimming pools).
- Despite certain reductions or limitations, we are still able to offer you a number of wonderful spaces where you can relax: forget the world around you and unwind on our sun terraces, on our lawns, and in our spas.

PLEASE

strictly adhere to the above-mentioned guidelines – they have been prescribed **for your own protection** but also for the protection of your fellow hotel guests as well as for the protection of our staff members. Maintain the minimum **distance whenever possible, practice proper coughing and sneezing etiquette, and regularly disinfect** your hands with sanitizing gel.
